

Digital Touch Screen Kiosks

Strategically positioned in high traffic tourist locations, digital kiosks are a targeted, responsive and economical way to advertise your business. Tourists want to spend more time enjoying their experience rather than looking for it. Quick access to current and relevant information is essential to sales success in highly competitive markets.

Lelepa Island Day Tour [Book Now](#)

If you love snorkeling but also want to experience some of the local culture, this full day tour/cruise is perfect! Offering pick-up & drop-off from most Port Vila resorts and hotels, the tour starts with approx. 45min drive north west along the coast to where the boat departs. Looking out towards Lelepa Island, the water is crystal clear and inviting. For those who don't take or have appropriate foot-wear the guides will offer some for use before taking off from the beach.
